

American Legion Post 116

REISTERSTOWN MARYLAND

Legacy Run Blog – Wednesday - August 25th, 2010

Well it was time to leave one of our favorite cities and hosting American Legions.

Albert Lea closed Main Street on Wednesday Morning so we could line up our bikes for departure. How about those neat banners?

But first it would not have been a proper salute if it would not have been for the breakfast that they had prepared for us.

The legion post provided us with a free hearty breakfast.

Bikes are staged in Main Street and ready to roll.

Check out the blue skies and the handsome riders.

After a beautiful morning ride we arrived in Boyd, WI where we were greeted by yet another friendly Legion and their family. I bet you would never guess what we had for lunch.

Lunch stop was at Boyd post. More brats and wieners for lunch.

We rode and ate, rode some more and ate some more.

After lunch and more riding we stopped at Sentry Insurance in Stevens Point, WI for a stop at Sentry Insurance, which is the insurance company that the American Legion uses.

They wanted to be a part of this event so after a brief welcome we were treated to a 5 star dinner. No plastic or paper. Real glassware and silver. Catered dinner in one of their large office buildings on one of their 3 indoor tennis courts.

Check out the glass plates and silverware – and yes, there were wieners.

Get a hold of yourself..

Commander Hill presents a plaque of appreciation to a representative of Sentry Insurance, who hosted dinner.

With our bellies full and our saddles needing a rest it was off to our hotel for the evening. Milwaukee, WI bound for in the morning.
